TRADIČNÁ LOGICKÁ HRA
pre jedného hráča

CIEĽ HRY

Odstráňte všetky guľôčky
z dosky, kým nezostane iba jedna.

OBSAH HRY

- 1 hracia doska
- 1 látkové vrečko
- 32 guľôčok

AKO HRAŤ HRU

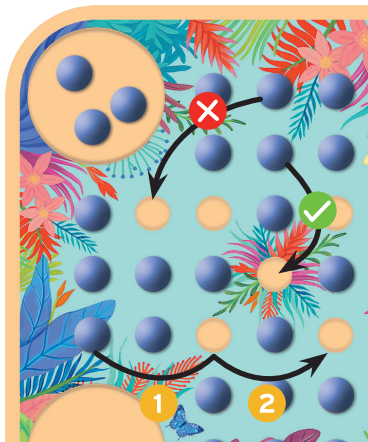

- Vyplňte otvory na hracej ploche 32 guľôčkami, stredový otvor nechajte prázdny.

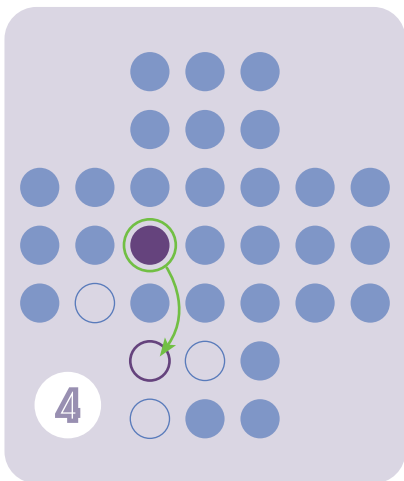

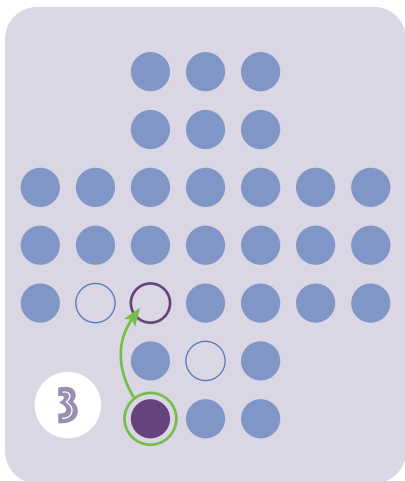

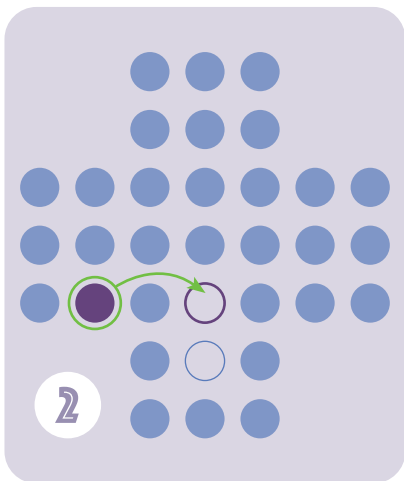

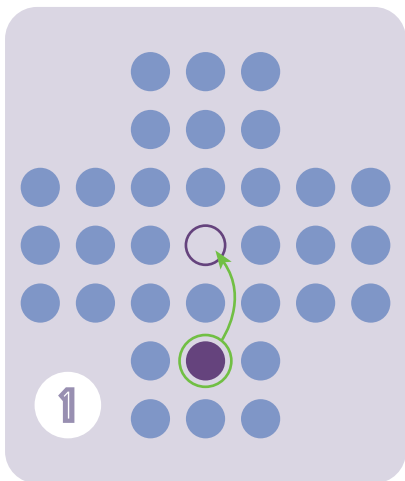

TRADIČNÁ LOGICKÁ HRA
 pre jedného hráča

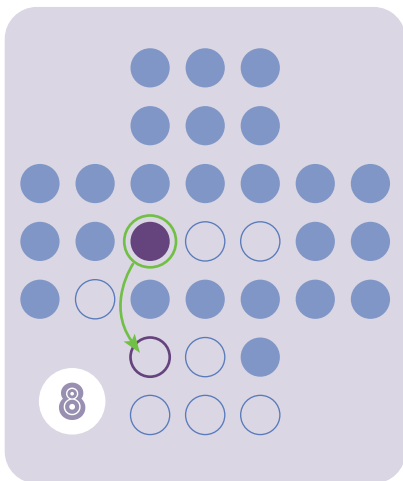

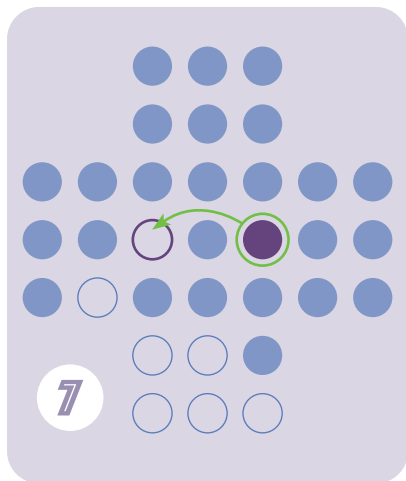

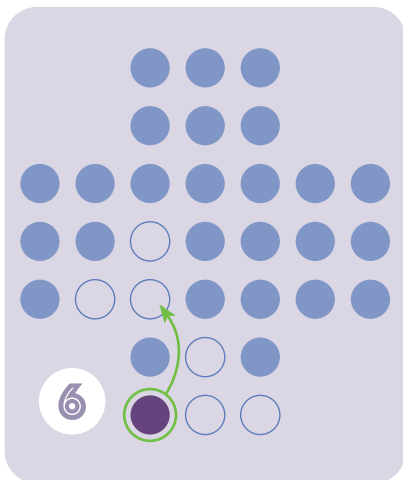

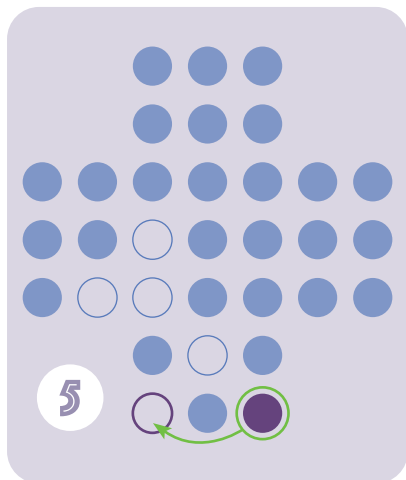

- Posúvajte guľôčky jednu po druhej, pričom dodržiavajte nasledujúce pravidlá týkajúce sa ťahov:
- Guľôčky je možné umiestniť iba do dierok na doske.
-  Ak chcete urobiť pohyb, guľôčka musí preskočiť inú guľôčku do prázdnej dierky hneď vedľa nej. Ak je ďalšia dierka už zaplnená, ťah nie je povolený.
-  Diagonálne pohyby nie sú povolené.
- Preskočená guľôčka sa odstráni z hry a umiestni sa do jednej zo 4 otvorov v rohoch hracej plochy. Nesmie sa znova použiť.
-   Jedna guľôčka sa môže hrať niekoľkokrát za sebou (viacnásobné ťahy v rámci popísaných pravidiel).

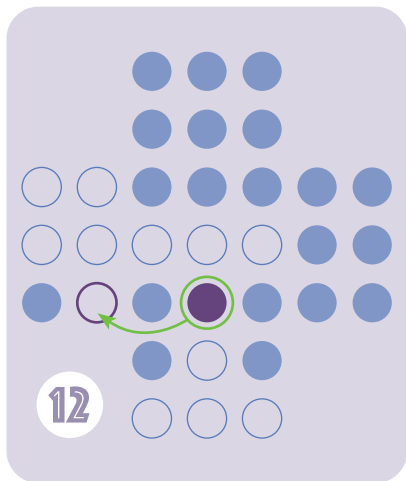

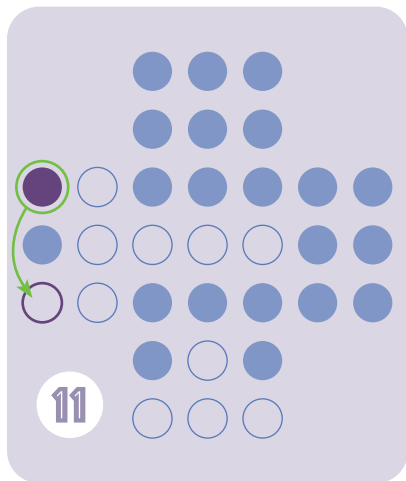

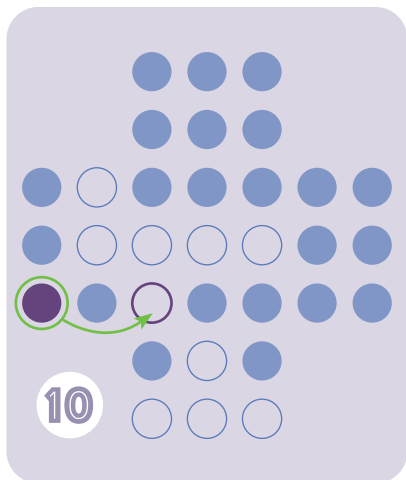

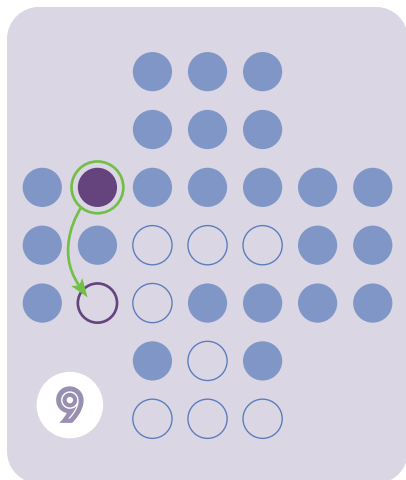

VARIÁCIE:

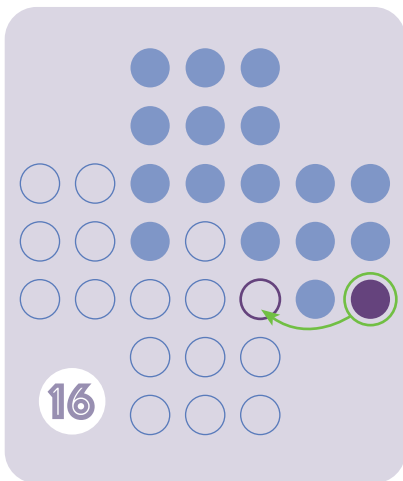

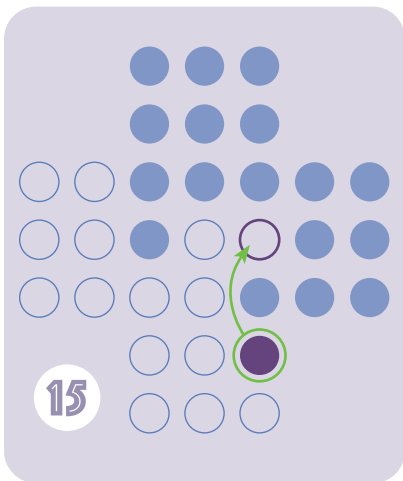

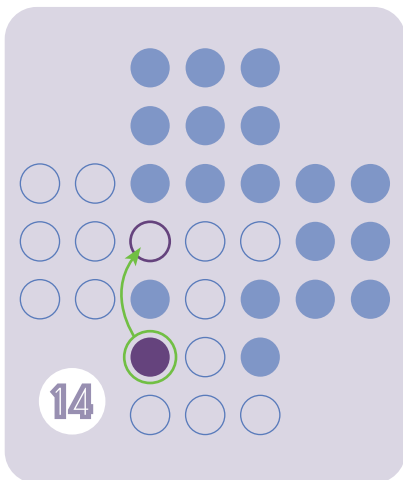

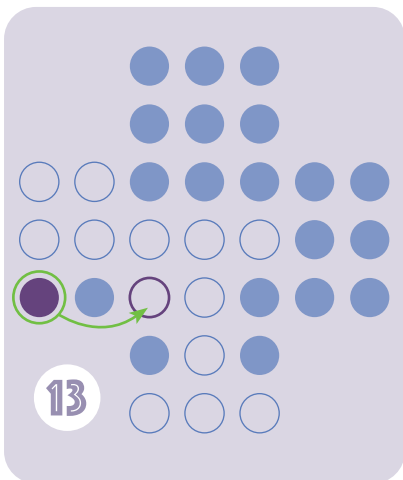

- Skúste na začiatku hry nechať inú dierku prázdnu.
- Dokončíte poslednou guľôčkou presne v strede dosky

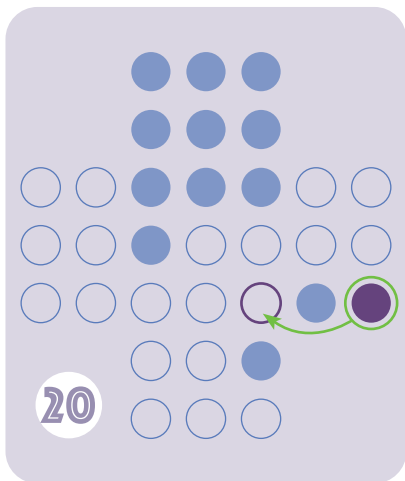

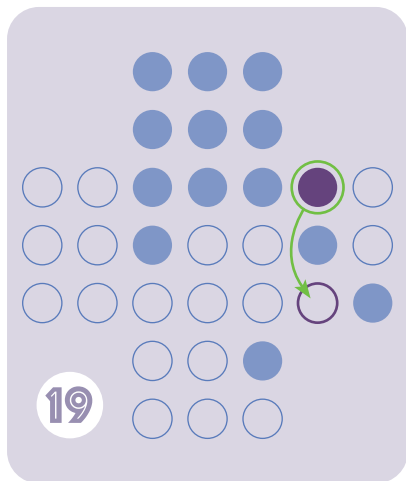

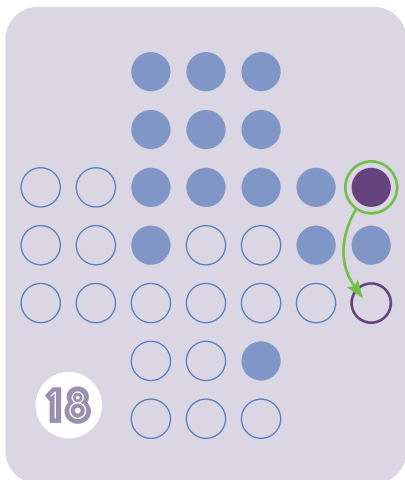

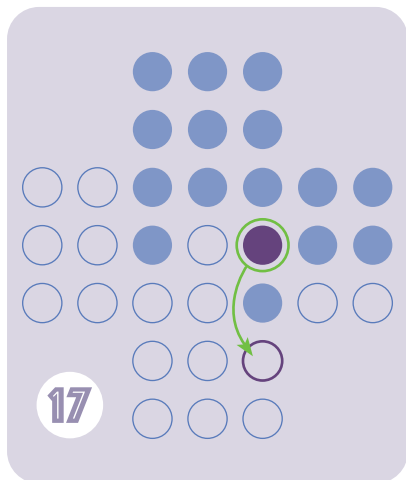

Riešenie nájdete na konci brožúry.
