★★ stredný

★★★ ťažký

Cieľ hry: Poskladať zo všetkých dielov štvorec.

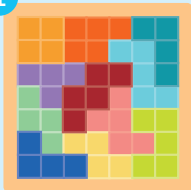

Postup hry: Hernú dosku a 11 drevených dielov polož pred seba a vedľa si priprav karty so zadaním. Potiahni si kartu a podľa zadania poukladaj určené drevené diely na hernú dosku. Ostatné diely, otočené stranou so zárezmi nahor, doplň na hernú dosku tak, aby vznikol štvorec, z ktorého nevyčnieva ani kúsok niektorého dielu. Každé zadanie má len jedno správne riešenie.

Správne riešenia sú na konci návodu na hru.
